MOTIVATION

I am a student at the British School of Brussels, I have just finished school and I have graduated. I am currently on a gap year touring Australia, and I am currently looking for a Job to gain experience for my future career. I enjoy hands on projects and working with others. I have lived in an international environment at school, and I am of dual nationality (Belgian/ South African), so I have an understanding on how to work well with different people.

EDUCATION

International Baccalaureate | British School of Brussels

2020 – 2022

I take Math AI HL, Geography HL, Biology HL, English SL, Phycology SL, and French B SL

IGCSE | British School of Brussels

2018 – 2020

For IGCSE I did the 3 sciences. I was in the highest set out of 3. Math, which I ended in the 2nd highest set out of 6. French, which I was in the 3rd highest set out of 7. I also took Geography, Physical Education, Computer Science, Drama, and English. These subjects did not have sets

EXPERIENCE

Campus Event Team | British School of Brussels

2020 – 2022

In our school, there are a variety of jobs the school offers, I have done Garderie, I have worked in a drama production, and I have also done waitering and bartending at formal events. All these jobs have helped my confidence and helped me gain new experiences and take on new responsibilities.

Bar tending | Gramercy Bar and Kitchen (08 9481 1020), Hale Road tavern (08 6154 7892)

2022

In my time in Australia so far, I have worked in two bars, doing bar tending, general floor work, working with the tills and as a kitchen hand. This has helped me with my ability to work under pressure and confidence.

Junior Station Hand | Greendale Station (0427020779)

2022

During my 6-week experience working on a cattle farm, I developed a variety of skills that are valuable in the agricultural industry. I gained a strong understanding of animal husbandry, including feeding, watering, and general care for the livestock. Additionally, I gained experience in tasks such as fencing and mustering. Through this experience, I developed a strong work ethic, attention to detail, and the ability to work independently and as part of a team.

SKILLS

- Good understanding of computers/technology
- English mother tongue and can speak French to an extent
- I work well with others
- I can manage a lot of stress
- Good communication skills
